### AP® ITALIAN LANGUAGE AND CULTURE 2019 SCORING COMMENTARY

**Task 2: Persuasive Essay** 

**Note:** Student samples are quoted verbatim and may contain spelling and grammatical errors.

#### **Overview**

This task assessed writing in the presentational communicative mode by having the student write a persuasive essay on a given topic while referencing three sources of information about the topic. Students were first allotted 6 minutes to read the essay topic and the two printed sources. Then they listened to the one audio source twice. Afterward they had 40 minutes to write the essay. The response received a single, holistic score based on how well it accomplished the assigned task. Students needed to be able first to comprehend the three sources and then to present their different viewpoints. They also had to present their own viewpoint and defend it thoroughly, using information from all of the sources to support the essay. As they referred to the sources, they had to identify them appropriately. Furthermore the essay had to be organized into clear paragraphs.

The course theme for the persuasive essay task was *Identità privata e pubblica*, and the prompt asked students to express their own opinions on how the elderly can play an active role in society and everyday life. The response needed to be based on three different sources:

- A written article about the use of social media by the elderly, where the journalist praises the user-friendliness of Facebook and argues that it has improved the elderly's lives by allowing them to preserve and share memories, to share recipes, and to feel part of grandchildren's lives; thus, defeating loneliness.
- A chart (based on data collected in 2008–2009) showing typical activities performed by Italian students, workers, and the elderly in a typical day.
- An audio source where two grandparents talk with a journalist about their "work" as babysitters of their grandchildren and how this engagement is emotionally rewarding but physically demanding.

The prompt was in the form of a question and did not require previous knowledge of the topic. The three sources provided students with the contextual and content support to develop their essays. However, students were expected to understand the main idea(s) and supporting details of the three sources; understand unfamiliar and idiomatic vocabulary by inferring its meaning from the context; and comprehend paragraph-length discourse and structures. Students were expected to demonstrate critical reading skills by distinguishing facts from opinions, understanding the intent of the text, and using all that information to develop and defend their argument.

Sample: 2A Score: 4

The response earned a score of 4 because it shows a good performance in Presentational Writing. It presents a generally effective treatment of the topic within the context of the task. The student demonstrates comprehension of the sources' viewpoints despite a few minor inaccuracies ("Usando questo, loro possono vedere foti"). The response mostly summarizes, with limited integration, content from all three sources in support of the student's viewpoint and the essay overall. The student develops a persuasive argument with coherence ("Rete sociali sirvono anche per ricordare vecchi tempi. Permette che anziani viaggiano all passato è fanno memoria della vita e di relazioni passati"; "Gli anziani in generale hanno molto tempo libero"). The essay is organized and fully understandable. There are a few errors that do not impede comprehensibility ("Per gli anziani in particolare è importante che si sentano attivo e utile nella secietà. Ci sono diversi maneri per fare questo"). The student uses generally appropriate vocabulary and idiomatic language ("si sentano più soddisfetto"; "possiamo participare"; "Ci sono diversi maneri per fare questo"; "ricordare vecchi tempi"; "viaggiano all passato"; "fanno memoria"). Grammar is generally accurate with few errors ("Permette che anziani viaggiano all passato"). The response also develops

mostly paragraph-length discourse with a few complex sentences ("*Può essere che alcuni gruppi si sentano più soddisfetto che di altri grupi ma tutti possiamo participare in alcuna attività.*").

Sample: 2B Score: 3

The response earned a score of 3 because it shows a fair performance in Presentational Writing. It indicates a suitable treatment of the topic within the context of the task and demonstrates a moderate degree of comprehension of the sources' viewpoints ("In uno scenario altro, una telegiornalista usa l'esperienza di due nonni italiani che fanno da babysitter perché questo lavoro simplice è un mezzo per l'integrazione"). The response summarizes content from the three sources in support of the essay. The student presents a personal opinion and develops a somewhat persuasive argument by providing evidence that seniors can find activities which involve them in society and daily life ("In Italia, molti anziani pratica il religione, un grande parte della cultura nel paese. La chiesa representa un communità spintoso. Altre l'attività è un voluntariano, e è facile con il tempo libero"). The essay is generally organized and understandable, with some errors that may impede comprehensibility ("Adviso per i nonni: la dolce vita con l'integrazione nella società"). It presents appropriate but basic vocabulary. There is some control of grammar ("Ci sono i molti mezzi per l'integrazione"). The response uses a few compound sentences ("Senza un lavoro formale, molti anziani non sentono come un parte nella società."; "Con questo tempo, credo che gli anziani fanno il lavoro per il proprio bene al mondo."; "Anche, dopo leggevo gli statisti, la mia interessa per aiutare gli anziani sono diventata più forte.").

Sample: 2C Score: 1

The response earned a score of 1 because it shows a poor performance in Presentational Writing. It shows almost no treatment of the topic within the context of the task, and there is an implied reference to only one source. The student minimally suggests a personal viewpoint on the topic and makes an undeveloped and incoherent argument ("I nonni non usano Facebook perchè é molti vecchìe e non conoscono cose usare il computer or Facebook"; "Molte persone usa Facebook perchè loro possono parlare con il persone non in Italia o il suo paese"). The essay contains little organization. It is barely understandable, with frequent errors that impede comprehensibility ("Mi piace perchè Facebook ha molto differente persone usa il programme"). The response shows very few vocabulary resources and little control of grammar. The essay uses simple sentences ("Mi piace Facebook.").
